Subject: CONTRACT SC-56

Dear Doug:

25X1A

25X1A

We have received authorization from [REDACTED], Employee Number [REDACTED] who is assigned to Detachment "A", to increase his monthly pay from \$80.00 to \$100.00 for each four week period. We will be unable to make this effective on our records before May 26. Therefore, will you make this increase effective May 26 and payable June 23, which should coincide with the regular detachment payroll date. Should it prove impossible for you to commence this payment on June 23, please so advise us.

Although we do not anticipate much of this type of activity, I am wondering if this letter is sufficient authorization to permit you to properly notify your finance people at the detachment and to perform other financial functions as necessary. If you need additional information, signatures, etc., please let me know.
